PROFILE SUMMARY

Python Developer fresher with expertise in Python, Django, MySQL, and front-end technologies like HTML, CSS, Bootstrap, and JavaScript. Skilled in developing dynamic web applications and managing databases. Passionate about learning and contributing to innovative projects.

PROJECT

Project - 1

EMPLOYEE MANAGEMENT SYTEM

(DJANGO,PYTHON,HTML, CSS, BOOTSTRAP, SQL)

- Developed a web-based CRUD application for managing employee records (Add, View, Edit, Delete) using Python (django), SQLite, and a responsive UI with HTML, CSS, and Bootstrap.
- Implemented functionality to add, view, update, and delete employee details (name, email, position, salary) using dynamic forms and tables.
- Used django for backend development and SQLite for lightweight database storage

Project - 2

E-COMMERCE WBSITE

(HTML,CSS,JAVASCRIPT)

- Developed a responsive e-commerce website with HTML and CSS, featuring product listings, descriptions, and images, ensuring mobile-friendly design using CSS media queries.
- Implemented JavaScript to enable product filtering by categories, prices, and ratings, enhancing search functionality.
- Built a dynamic shopping cart with JavaScript, allowing users to add/remove items and update cart totals in real-time.

SOFT SKILLS

1. **Teamwork:** Strong team player with a history of successful group contributions.
2. **Adaptability:** Quick to adjust and thrive in changing environments.
3. **Problem-Solving:** Proactive in identifying and resolving complex issues.

CERTIFICATION

- Learning for python Full stack developer Refinement Software Solutions.
- English Typewriting certificate
